USER STORIES - Together for Ukraine

As a Guest I would like to be able to see a menu with Home, Get Help, Provide Help and buttons to login or register.
As a Guest I would like to be able to see the Home page.
As a Guest I would like to be able to see the Get Help page with all available services in a table. I want to be able to use a search bar and filters to look through available offers.
As a Guest I would like to be able to see the Provide Help page where I want to be directed toward creating an account.
As a Guest I would like to be able to create an account consisting of name, telephone number, email and user type (refugee or volunteer) or log into an already existing account.

As a Refugee I would like to see a menu with Home, Get Help and a button for My profile.
As a Refugee, clicking on the My profile button should open an account menu to logout or see my information.
As a Refugee, while being on the Get Help page, I would like to be able to select a service from the table, see details and register for it.
As a Refugee, I would like to receive an email after applying for an offer, with details about it.

As a Volunteer I would like to see a menu with Home, Get Help, Provide Help, and a button for My profile.
As a Volunteer, clicking on the My profile button should open an account menu to logout, see my information or see my offers.
As a Volunteer, when clicking on My information, I would like to be able to see the information I provided when creating my account and edit it *(everything but the user role).
As a Volunteer, when clicking on My offers, I would like to be able to see a table with the services that I already added. I would like to be able to delete offers. I would like to be able to see the status of my offers (pending or approved). I would like to be able to modify the description of any pending offer.
As a Volunteer, while being on the Provide Help page, I would like to be able to add a new service by filling a form consisting of name of the service, description of the service, service category, location where the service can be provided (if necessary), how many people can you help, how do you want to be contacted (email or phone), anonymity preferences.

As a Volunteer, I would like to be able to see the Get Help page with all available services in a table. I want to be able to use a search bar and filters to look through available offers.

As a Volunteer, I would like to receive an email when my pending offers are approved/declined. The message should include the offer's title.

As a Volunteer, I would like to receive an email when someone applies for my offer. The message should include the offer title and information about the applicant.

As a Volunteer, I would like to receive an email when one of my offers is removed. The message should include the title of the offer.

As an Admin, I would like to be able to see another tab in the menu named Help offers.

As an Admin, when on the Help offers page, I would like to be able to see a table with all pending offers with details - when clicking on a specific service - and approve/reject them.

As an Admin, I would like to be able to see the Get Help page with all available services in a table. I want to be able to use a search bar and filters to look through available offers. I want to be able to delete any offer, by clicking on the see more button and then on the delete button from the opened modal.
